Also present were Code Enforcement Officer Lloyd Sutton, Planning Board Attorney Scott Chatfield and Engineer Steve Snell from O'Brien & Gere.

Motion by Miller, seconded by Smith to open the meeting. Motion by Miller seconded by Mann to approve the April minutes.

CROWN CASTLE/OMNIPOINT COMMUNICATIONS: Site Plan application to co-locate additional cell phone antennas on existing tower located on the northwest corner of the intersection of Sevier and Sweet Roads. Tim Richmond was present to represent T-Mobile.

Verizon is already there. The tower is 180 ft. North of building will add cement pad with 3 cabinets. Lines will be underground. No lights. FAA requires on 200 foot towers.

Greg Mann – other changes were proposed by other company (Verizon).

Tim Richmond – already done. 6 antennas, 2 on each sector.

Carole Marsh – how much will they be emitting?

Tim Richmond – little bit more than now.

Carole Marsh – neighbors are concerned about total emissions.

Craig Smithgall – when was original tower constructed?

Tim Richmond – don't know.

Craig Smithgall – Town telecom law did not envision moving antennas.

Attorney Chatfield – has there been a structural test?

Tim Richmond – had a passing structural test on tower, adjust ice buildup and wind loading.

John Shaheen – does it analyze affect of antennas on others?

Tim Richmond – it is requested to make sure it doesn't interfere with frequency, etc.
