## Everyday Is Earth Day

This year Earth Day is being celebrated on Friday, April 24<sup>th</sup>, and Saturday, April 25<sup>th</sup>. Earth Day is a chance to join with neighbors, friends and civic groups to clean-up the litter that has accumulated along the roadsides, fields and streams of Pompey over the past year. With the snow melting and the weeds low, April is a perfect time to do this.

Accept this challenge: Round up your children and friends and, armed with trash bags, walk at least ¼ mile on both sides of the road in each direction from your house and pick up all the bottles, cans and papers that you see. It won't take long, but if we all do a little, we will accomplish a lot. Register your clean-up with OCCRA and they will send you special stickers to use on the bags of trash that you collect. Go to [http://www.ocrra.org/programs\\_earthday.asp](http://www.ocrra.org/programs_earthday.asp) for more information.

Pompey is a beautiful, scenic place to live and we all have a responsibility to take care of our town. So, while Earth Day is an annual event, keeping our town free of trash is an ongoing job. Don't limit clean-up to Earth Day. Next time you take a walk, bring along a trash bag and collect as you go. And, you don't need to wait until April 24-25 to get started. There is plenty of trash out there right now!
